“**street
focused faith**”

Street Level is an street focused faith mission taking the good news of Jesus Christ for over 30 years to the marginalised and rejected in Sydney's west with special focus on the streets and fringes of the motorcycle culture.

Besides working with local churches to develop Christian ministry in high schools and with the local homeless population its motorcycle ministry arm has developed a national ministry profile with Christian and secular motorcycle clubs.

One of its most effective outreaches has been the Silverwater Street and Custom Motorcycle Show which regularly attracts hundreds of bikers alienated from mainstream society and the established church.

“**personal
support**”

In 2003 to the present it has leased a property from St John's Anglican Cathedral which has been developed into a Caring and Ministry Centre which provides a base for house church, Brotherhood CMC, practical and personal support services as well

as a place for conferences, motorcycle club gatherings and focused church services. In order to sustain support for this valuable Gospel work Street Level is launching its supporters group so that members of the wider Christian community can join with us in prayer, ministry and practical support.
